FOR IMMEDIATE RELEASE:

October@ Le Hatchery Galleria
Easton, Maryland

Easton, MD., September 8, 2016: This Fall will bring many festive events at Le Hatchery Galleria.

In August and September, our “Friends of Calico Gallery at Le Hatchery” were the “Wednesday Morning Artists” (WMA) group – a wonderful, talented and very friendly group of artists mainly out of Dorchester County. In October, our Friends will be the “Tidewater Camera Club”. From still life to action, this group of artists is why photography is truly an art form. The Tidewater Camera Club will be displaying their works in the main lobby of Le Hatchery Galleria and the Hatch Gallery.

October will have a lot of fun and excitement starting with Saturday, October 1st when we will start our monthly “1st Saturday Art Fest” where you can check out our resident artists and friends to see what they have made, or can make, for you. There will also be “Art Fest” events schedule on Saturday November 5, and Saturday December 5th. What a way to kick off your Holiday shopping season. Don’t worry... we will continue “Art Fest” throughout the winter on every “1st Saturday”. Refreshments will be available for your enjoyment.

Calico Gallery is very proud to announce one of our resident artisans, Janette Jones, has just launched her new line beautiful fused glass jewelry. Her first sales were made at our “Artisans Festival” August 20th. These individually unique creations are a must gift for yourself or someone you care about. Janette’s creations are exclusively available at Le Hatchery Galleria, 125 Kemp Lane in Easton, Md.

Also, see attached event poster.

On Saturday October 8th the fantastic “Fishmobile” will be visiting the Le Hatchery Galleria while we host Phillips Wharf Environmental Center. Bring the whole family and have fun. Touch or hold Horseshoe Crabs and Diamondback Terrapins. Learn how an oyster reef is

created, what else lives there, how oysters help the Bay. Explore the watershed: learn properties of water, water cycles, river names, and play “Who Polluted the Bay.” Discover distributions, migration, and adaptations of fish. To see how much the children learned, they will be able to sit down and draw a fish, a crab, or whatever they think of.

Art supplies will be supplied by Calico Gallery from their large inventory of children’s art supplies that are always available for your purchase.

A couple Artisan studio work spaces are still available in the “Brooder Gallery”. These spaces are calling for your creativity.

For the remainder of the year and into 2017 check our Facebook page and website for dates classes are being planned.

Do you need a meeting space? Or, a space to hold a class? Call us and ask about our meeting and class facility in our “Brooder Gallery” – at Le Hatchery Galleria.

Calico Gallery custom framing will extend it’s 20% discount on their highest quality custom framing through November. Based on many requests, we are offering you the opportunity to own an attractive – one of a kind – art enhance NOAA map. You choose what you want painted, and either you or one of our artist will create the images on a pre mounted map. The framing of the map will add the final touch. In addition, we can transfer photo images of your boat or other Chesapeake icons we own onto any NOAA map.

As always, Calico Gallery at Le Hatchery Galleria provides the highest quality custom framing service at the best price anywhere.

For current information and other happenings at Le Hatchery Galleria, please check out our Facebook page: <https://www.facebook.com/Lehatcherygallery>, and our website www.lehatchery.gallery

And as always, Le Hatchery Galleria has plenty of free off street parking.
